Professional Summary

Aspiring Software Engineer with strong skills in Java and Spring-based backend development, currently pursuing B.Tech in Electronics And Communication. Passionate about building scalable applications, exploring AI integration, and contributing to open-source communities.

Education

Bachelor of Technology in Electronics And Communication Engineering

Haldia Institute of Technology | CGPA – 7.32 | (2023 – Expected Graduation: 2027)

Higher Secondary Education (Class XII)

R.B.S.Inter College , Jehanabad,Bihar | 62.4% | (2021 – 2023)

Senior Secondary Education(Class X)

Nalanda Heritage School ,Nalanda,Bihar | 91.8%

Skills

- **Languages:** Java, JavaScript, C, SQL
- **Databases:** MySQL, PostgreSQL, MongoDB
- **Tools:** Git, GitHub, VS Code, IntelliJ Idea
- **Soft Skills:** Communication, Problem-Solving, Team Collaboration, Agile Mindset
- **Frontend:** React, HTML5/CSS3, Tailwind CSS
- **Backend:** Spring Boot, REST APIs, Node.js

Projects

AI-Powered Email Assistant (Spring Boot + React + Chrome Extension + Gemini API)

- **Tech Stack :** Java (Spring Boot), React, Chrome Extensions (Manifest v3), Axios, REST APIs, Gemini AI.
- Built a Chrome Extension integrated with Gmail to generate AI-driven replies.
- Developed Spring Boot backend securely connected with Google's Gemini API.
- Solved CORS & API integration challenges for seamless extension-backend communication
- This project demonstrates expertise in API integration, cross-platform development, and practical problem- solving. It highlights adaptability to emerging technologies like generative AI.

Certifications & Achievements

- Solved 300+ Questions On DSA Coding Platforms Like LEETCODE And GEEK FOR GEEKS

Extras

- **Hobbies:** Gaming, Listening to music, Coding
- **Languages:** English (Fluent), Hindi
